WHAT WE DO

Details of our ongoing projects are as under:-

Vocational Training Center for Women:

NICE imparts, Free of Charge, vocational training in Domestic Tailoring, Dress Making, Fashion Designing and Beautician Course to women belonging to low-income class so that they are able to earn their livelihood with dignity by doing work at their homes. For this purpose, a well-established Vocational Training Center and Beautician Training Center have been working for the last four years. Imparting vocational skills has added much to the overall betterment and financial health of that family and has improved their standard of living considerably. This would further add to the prosperity of the society and the motherland. From the experience of conducting 12 Batches of Vocational Training uptill December, 2021, it is quite evident that this vocational training has enhanced the working skills of the women and their productivity as well. Through these 12 Batches, 476 females were trained and more than 125 sewing machines were given to them to earn their livelihood by doing work at their homes, independently and honourably.

Education:

In order to fulfil our religious obligations, we have been supporting, in the process of learning education, those who lack resources to get education. Today, a considerable number of children ranging from prep / nursery to high school level, who belong to very poor families and even do not afford their basic living, are being supported in this regard by the **NICE.** In this regard, due support is extended to provide the deserving students with books, bags, uniforms, stationery items etc. to fulfil their educational needs with the help of our generous sponsors.

Computer Training:

Need of computer training in this era of information technology cannot be further emphasized. In order to impart Computer Training to the students, a Computer Lab was got established at our partner school in Shahdara with the generous support

of **National Bank of Pakistan**, under its Corporate Social Responsibility initiatives. This generous gift by the **NBP** for the students of NICE is acknowledged most sincerely. Computer training is being imparted to the students in this Lab as per their educational and future requirements.

Monthly Ration Support Programme:

Considering the hard realities of socio-economic problems being faced by the common men of the society, NICE extends due support, in collaboration with our partner Rizq Trust, for provision of monthly ration to selected deserving families. Let's join hands in this regard for a prosperous Pakistan.

"Apna Kaam, Apna Rozgar" Programme:

It is understandable that Covid-19 pandemic, Lock Down and subsequent restrictions have propagated unemployment and joblessness. Daily wagers and labour class have suffered a lot. In order to avert this disaster, NICE has launched "Apna Kaam, Apna Rozgar" scheme to provide self-working and earning opportunities for the unemployed but committed persons. We extend due support, on small scale yet, to deserving persons who intend to earn by managing push-carts.
