PROJECTS OF NICE

SCHOOLING

In order to fulfil our religious obligations, we have been imparting education to those who lack resources to get education. Today, a considerable number of children ranging from prep / nursery to high school level, who belong to very poor families and even do not afford their basic living, (normal & special children) are being imparted education by the **NICE** at its Two Campuses located at Shahdara and Rustam Park (More Samanabad). They are provided books, bags, uniforms, stationery items etc to fulfil their educational needs with the help of our generous sponsors.

In this regard, Special Children are our focus.

COMPUTER TRAINING

In order to impart Computer Training to the students, a Computer Lab was established with the support of **National Bank of Pakistan**. We acknowledge, most sincerely, this generous gift by the NBP for the students of NICE. Computer training is being imparted to the students in this Lab as per their educational and future requirements.

VOCATIONAL TRAINING CENTER FOR WOMEN & SPECIAL PERSONS

In order to lessen financial burdens of poor families, **NICE** has been working for empowering the women by making them skilled through training in the vocational skills. A Vocational Training Center has been functioning for the last two years wherein vocational training in Domestic Tailoring, Dress Making and Fashion Designing is imparted to women so that they are able to earn their livelihood while working at homes. On the completion of 3 months training programme, besides award of Course Completion Certificates, participants of the training are given Sewing Machines as Gifts so that they may earn their livelihood without any further spending in this regard. **Uptill December, 2019, Six (6) Batches of vocational training programmes stand passed out successfully. Through these Six Batches, 215 females were trained and more than 100 sewing machines were given to them to earn their livelihood by doing work at their homes, independently and honourably. 7th Batch took off on 01.01.2020.**

Likewise, **NICE** has launched a programme to rehabilitate and empower Special Persons (Deaf & Dumb) by providing them vocational and technical training so that they are able to earn their livelihood at par with other family members of their family. By doing so, they would be able to prove them as useful for their families as other family members could be.

HEALTHCARE CENTER

NICE is about to establish a Healthcare Center / Dispensary for those poor people who are unable to afford their health care for want of resources. They would be provided basic healthcare facilities like, medical examination, treatment, medication, basic tests etc. **Free of Charge** so that the society is built on sound footings with healthy masses.

FINANCIAL ASSISTANCE

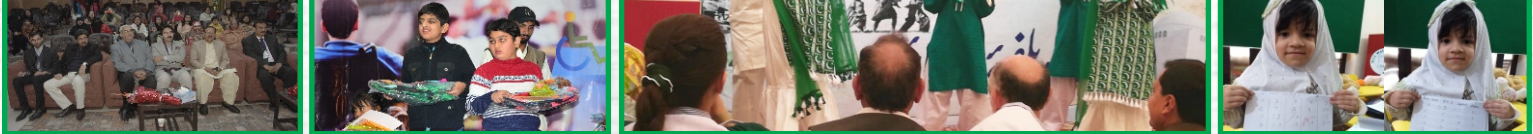

Considering the hard realities of socio economic problems being faced by the common men of the society, NICE extends financial assistance to the needy people, presently on small scale, out of its meager resources. It is intended that with the regular support of our sponsors, we would be able to launch micro financing services for poverty eradication. **Let's join hands in this regard for a prosperous Pakistan.**
